Nisei Ski Club members can be counted on to provide volunteer services in support of the Nikkei Matsuri and Mt. View Obon Festivals.

San Jose Nikkei Matsuri

The Nikkei Matsuri Foundation is a registered 501c3 nonprofit public benefit charity organization. Founded in 1978, their mission is “To perpetuate the Japanese American experiences, cultural customs, and traditions”, and this is done in part by hosting the annual Nikkei Matsuri Festival in San Jose Japantown, providing a forum for sharing cultural exhibits and performances as well as opportunities for many community-based charities to raise funds through cultural food-based sales in the ever-popular Food Court.

Mt. View Obon Festival

The mission of the Mountain View Buddhist Temple (MVBT) is to share the Jodo Shinshu teachings in a safe and inclusive environment for its members, its affiliated organizations, and those who seek to explore the Buddha Dharma. The annual Obon and Bazaar is held during the 3rd weekend of July. Obon is a time to return to one’s home and reflect upon what one has received from others.

The festival and bazaar includes folk music and *Obon Odori*, or Obon dancing, food booths, games, and live entertainment.

One Warm Coat Drive

Founded in 1992 by one woman with one coat to give, One Warm Coat is a national movement born from one simple act of kindness. Today, One Warm Coat is a thriving national nonprofit organization that maintains a steadfast commitment to humanitarianism, volunteerism, and environmental sustainability.

This charitable opportunity is now available to the membership at the Annual Membership Meeting and Luau Picnic held either in July or August. Attending members and guests are asked to bring one warm coat, jacket, sweater, or sweatshirt. The coats can be for adult or young kids, and should be clean and wearable (no holes or rips). The coats collected at the picnic will be picked up by one of the board members and stored until October or November when they can then be taken to one of the One Warm Coat designated drop off locations, and then distributed to people in need during the Thanksgiving or Christmas season.
